January 2021

Welcome 2021! 2020 brought us into our new home and we cannot be more excited with all of the enhancements that come with a new manufacturing facility. With this move, we have become more resilient with automated machinery allowing us to diversify our facility operations. Check out a few pics from our new home below!

We are also excited to hopefully see some of you this year! KSP will be attending ALOA, SHDA & Yankee Security Show. Please see dates and locations on our Facebook page. We are keeping our fingers crossed to be able to attend and visit with our friends, we miss you!

We would like to wish everyone a prosperous and more importantly, a healthy New Year!

See you all soon!
